Revitalizing Communities One Home at a Time

As a nonprofit organization we bring volunteers and communities together to improve the homes and lives of homeowners in need. We are a local affiliate of the national Rebuilding Together organization. How to Ask for Help

To request home repair assistance, homeowners should call or email Rebuilding Together Saratoga County and request an application form. Applicants will be required to submit proof of household income and proof of home ownership when submitting their application.

How Homes Are Repaired

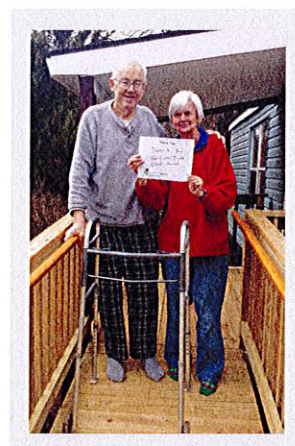

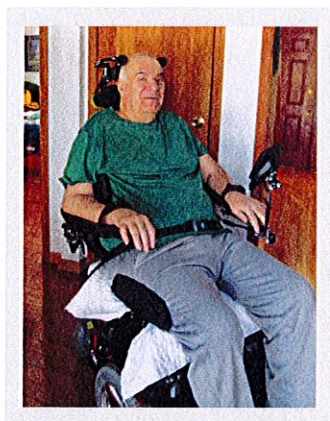

Approved homeowners receive their home repairs from paid contractors and skilled volunteers. In addition, many unskilled volunteers devote extensive hours to help at the homes. Work ranges from jobs as basic as cleanup and painting, to renovating a bathroom or installing a wheelchair ramp. In the spring and fall, there are multiple workdays for community involvement.

Management Team

Rebuilding Together Saratoga County is a nonprofit organization with a 501(c)(3) classification. Although often thought, we are not a government agency. The RTSC staff is supported by an experienced 14-member volunteer board of directors who provide leadership and guidance for the organization.

Funding Sources

RTSC relies on contributions from community philanthropists, business leaders, local organizations, and individuals. As we continue to grow, a significant portion of our funding has come from grants, which are not guaranteed and must be applied for and awarded to RTSC. Availability changes from year to year.
